

My experience in Ireland

On the first day, Cristina and I met Sue, the mother of the family. We went lost and we didn't have time for anything. On the second day, Sue took us to the golf club for our English classes.

In the afternoon, we went to Dun Laoghaire and played a game. On the third day, we went to the school and later, an Irish teacher accompanied us to Dublin, but she got lost.

On the fourth day, we went to a farm and the boys of the class jumped into the mud. In conclusion, the trip was very funny.

Loida Soriano

My experience in Ireland was amazing. The country is beautiful and the people were really kind. On the first day we did a treasure hunt in Dun Laoghaire and we visited the town. On the second day we visited Dublin and Dublinia, a museum about vikings.

On Thursday, we went to Dublin and we visited two museums. Friday was the best day, we went to a bowling alley and we played Laser Tag, the day was amazing. On Saturday we visited a farm and a castle.

On the last day we walked a lot and in the afternoon we went to Dublin to buy things and presents for our families.

Ángela Valero

One day, we went to Dublin, it is a beautiful city. In the morning, we went to class and in the afternoons we went on excursions. On another day we went to the beach in Bray. Bray is wonderful.

On the fifth day, we went to a farm. In the farm there were sheep, cows, dogs and turkeys.

The trip there was very special and funny.
